BOOK SYNOPSIS

After five months of marriage, newlyweds Rachel and Lee Davis find themselves in the worst relationship ever. *He Knew She Didn't: The Love Story to Die For* tells of a dying love gone wrong. Lee and Rachel were fresh out of George State College and in love. He's a business graduate from Chicago and she's a nurse from Atlanta. They thought they were soulmates and would live happily ever after. In the beginning, they were perfect for each other and were spontaneous in all kinds of ways. But love found its way to closure quickly and all the fun in their marriage ended. The fights began, Rachel cried all the time, and Lee couldn't take another day of her whining and nagging. Hatred took over their mind, body, and soul. Then their marriage takes a dark turn into mystery and crime. It's *The Love Story to Die For*.
